## WHAT TO DO

★ Noteworthy   ★★ Worth the detour   ★★★ Must see

Las Vegas is pure exuberance, where anything goes... or almost anything! It is also called "Sin City". What happens in Vegas, stays in Vegas...

Las Vegas is renowned for its countless casinos, its reputation as a party town, its bright and colorful neon lights, its fantastic hotels, its theaters, and its plethora of shopping opportunities.

Most of what there is to see in Las Vegas is concentrated along "**the Strip**", a 6-kilometre stretch of **Las Vegas Boulevard**, roughly between the Stratosphere and the Mandalay Bay Hotel. The best way to explore it is on foot with a good pair of shoes, or by taking one of the city buses that run along the Strip between the different attractions.

## THE STRAT ★

What better way to get to know a new city than with a breathtaking bird's-eye view from high in the sky? That is what you will find at the **STRAT**, a **350-metre** tower that has dominated the Strip since 1979.

The best time to visit is in the evening, when you can marvel at the lights of the city. In addition to enjoying spectacular panoramic views, you can even try one of the heart-stopping rides outside the observation tower... Yes, outside: at the very top of the tower! Not for the faint of heart!

Summit attraction schedules vary.
